Subject: Taking care of our 'orphan' athletes

AD Committee

RE; Taking care of/YTPs for our 'orphan' BCST/BCDS athletes

Last spring we identified 8 promising athletes who didn't have qualified, home-based coaching support, and that needed help. They all made it through the year and will hopefully continue. I have added some of their highlights from last season. This coming year is looking more stable with respect to coaches – so far anyway. It seems to me our system is doing quite well if we can take care of athletes in these predicaments.
