

TECK NORTHERN CUP SERIES

TECHNICAL GUIDELINES

2024/2025

The Teck Northern Cup Series offers affordable, accessible competitive opportunities for developing athletes living in the North. It includes interval start, mass start and individual sprint competitions held annually at different locations throughout the region.

Club points are accumulated from race to race and a club aggregate is awarded to the club with the most points at the end of the final event in the series.

1. SITE SELECTION

Sites are selected based on their ability to guarantee quality organization and appropriate courses / distances for developing athletes.

2. SANCTIONING

Teck Regional Cup competitions are provincially sanctioned (Tier 3) events. A sanctioning fee is not required, but all participants are now required to have a day licence issued by Nordiq Canada (see below). Instructions on how to complete the 2024-25 sanctioning process for Tier 3 races will be sent directly to race organizers when they become available. If you have questions regarding either the sanctioning process or Tier 3 Event Licences, please contact Cross Country BC's Partnership & Finance Coordinator Jodi Romyn at office@crosscountrybc.ca or (250) 545-9600.

Tier 3 competitions are not Canada Points List races.

Tier 3 events are required to have a Risk Manager/Technical Advisor appointed by the division (Cross Country BC). This change has been prompted by our sports liability insurance provider. The Risk Manager/Technical Advisor may be from the host community and, if necessary, from the race organizing committee, so there will be no additional cost to the organizers. Contact Cross Country BC's Program Coordinator, Nancy Beaumont, at programs@crosscountrybc.ca or (250) 545-9600 for more information.

Competitions will be held in accordance with the most recent **ICR-CCR (Canadian Competition Rules) Precisions** which can be found at – <https://nordiqcanada.ca/wp-content/uploads/Nov-2023-ICR-CCR-NOV-with-precisions.pdf>

3. LICENCES

ALL participants (from which more than a \$5.00 entry fee is collected) must purchase a Tier 3 Event Licence regardless of whether they hold an FIS Licence, Nordiq Canada Race Licence, Development Licence, or Associate Race Licence. The Tier 3 Event License will be issued to the participants by the race organizers under the direction of Nordiq Canada, and will only be valid for the competition day for which it is issued. The license holder must sign the Informed Consent and Assumption of Risk Agreement as do all registrants in events.

4. TITLE SPONSOR

Teck, a diversified resource company based in British Columbia, is the title sponsor of the Northern Cup Series.

Teck bibs, provided by the Cross Country BC office, must be used for all Coast Cup competitions. The office will also provide four horizontal and four vertical Teck-branded site banners for the start and finish area, banners/headers for your race notice, ZONE4 start lists and results postings.

In addition the office will supply specific awards (medals and ribbons) as described below in section 9.

Contact the Cross Country BC's Partnership & Finance Coordinator Jodi Romyn a minimum of six weeks prior your event with the names of the volunteers who will be your Sponsor Liaison, Awards Coordinator and Media Liaison. Email: office@crosscountrybc.ca; telephone: (250) 545-9600.

Contact Jodi a minimum of ten days prior to your event to make shipping arrangements for the materials and supplies mentioned above. Email: office@crosscountrybc.ca; telephone: (250) 545-9600.

To view a comprehensive information package on sponsors, awards protocol and media (SAM Information Package) click on: <https://www.crosscountrybc.ca/sam-information-package>

NOTE that the above 'SAM Information Package' is a complete guide for all events up to and including a National Championships, and needs to be scaled down accordingly for smaller events such as the Teck Northern Cup Series.

5. RACE NOTICE:

The race notice with registration information **MUST** be posted on ZONE4 a minimum of four weeks in advance of the competition.

- The Zone 4 registration page should link **directly to your race notice**, rather than just the home page of your club website (linking to the club website home page is a common slip up).
- Ensure the Public Confirmation List is working so that registrants can check to see that their registration was successful.

The Teck 'logo' should not be used as a separate logo! A Teck header/banner with 'Teck Northern Cup Series' on it will be provided by Cross Country BC to the race organizers for the race notice, start lists, results postings and ZONE4 race registration site.

Entries must close no later than Wednesday prior to the competition. **NO POST ENTRIES ARE ALLOWED.**

Please include CCBC's 2024-25 protocol regarding the use of fluorinated waxes in your race notice. This information will be forwarded to you when it becomes available.

Adherence to this protocol is the responsibility of coaches, parents and wax technicians.

In addition, please include a basic accommodation list with phone numbers.

The race notice should be planned carefully so that there are no changes after it is posted.

With the exception of sprint races, Saturday's race start time is usually 11:00 am to allow sufficient preparation time for skiers from nearby communities traveling to the event the morning of the race. Sunday's race start time is usually at 10:00 am to allow more travel time for skiers traveling long distances home. Sprint races usually begin at 9:00 am.

6. RACE CANCELLATION

A decision to cancel an event ***in advance*** (or change the site due to lack of snow or other factors) will be made by the race organizing committee in consultation with Cross Country BC.

A decision to cancel an event, or races for specific age categories due to the race conditions ***during*** an event, will be made by the Competition Chair (Chief of Race) in consultation with the race organizing committee.

The race notice should include a cancellation policy pertaining to refunds - both for situations in which the participant wishes to withdraw, and for situations where the event is cancelled.

7. COACHES MEETINGS AND DRAW

The draw should be held no later than the Thursday night before the competition if it is being held on a Saturday. This is for the convenience of the race organizers.

Skiers should not be seeded, but grouped according to their category and their positions determined by a normal draw procedure.

Coaches Meetings are not held at Teck Kootenay Cup events to allow coaches (who are often traveling long distances as well as preparing young and inexperienced athletes for the competition) to spend more time with their team. It is therefore important that the race notice is complete with all the necessary information that the coaches require.

8. START AND RESULT LISTS

A Teck header/banner with 'Northern Cup' on it will be provided to the race organizers for the top of the start and results lists.

Younger age categories (U14 and younger) MUST be first on the start list.
--

The race schedule **MUST** begin with the U8 categories and work up to the U14 categories. U16 and older age categories can be started following that in whatever order works best for the organizers when all the implicating factors are considered. If categories for Para-Nordic athletes are offered, they can be scheduled at any time during the day.

The start list should be posted on ZONE4 no later than noon the day before a competition. Hard copies should also be posted at the race site no later than the afternoon before a competition.

Club affiliation **AND** year of birth (YOB) **MUST** be displayed on all Individual, Mass and Relay Start lists and **ALL** results (including the final results for the King's Court format sprints). Not only is this a normal standard but it is essential for determining the club aggregate award.

If an Individual Sprint format is used, ensure that **both** the Qualification Round start list and the Qualification Round results are posted on Zone4.

Official results posted on Zone4 **MUST** be presented by age categories. It is important to post results by YOB too, for awards purposes, but the official results should reflect the official age categories for that competition.

In summary the official results must show the following: distance (including # of laps), age category, technique, rank, bib #, name, year of birth, club affiliation and total time.

9. COURSE INSPECTION

The competition courses must be properly groomed and marked for inspection several hours prior to the first event. It is important that the courses are marked correctly. A course map displayed in the stadium area is not sufficient.

Classic tracks are not set for the Free Technique events at this level of competition. However, because this Series is a junior development program, classic tracks do need to be set on the side of the course used for the U8 age category for all events except the sprints.

10. TIMEKEEPING

A recognized electronic timing system must be used. Clubs may have access to this equipment either through ownership or by borrowing from other sport groups in their community or ski clubs in their vicinity. If that is not possible, a set of equipment can be rented via the CCBC Office. To access the timing equipment available through Cross Country BC, contact Nancy Beaumont at 250.545.9600 or programs@crosscountrybc.ca.

Each competition requires an independent, secondary timing system that can provide an accurate record of essential data regardless of people, timing equipment or power failures.

Each competition requires an independent, secondary timing system that can provide an accurate record of essential data regardless of people, timing equipment or power failures.

ZONE4, Cross Country Canada's official race management software MUST be used.

11. AWARDS FOR THE INDIVIDUAL EVENTS

- 5 & under - optional category; Teck participant ribbons for all
- 7 & under – Teck participant ribbons for all
- 8 years – Teck medals for top 3 finishers; Teck ribbons for 4th and 5th finishers
- 9 years – Teck medals for top 3 finishers; Teck ribbons for 4th and 5th finishers
- 10 years – Teck medals for top 3 finishers; Teck ribbons for 4th and 5th finishers
- 11 years – Teck medals for top 3 finishers; Teck ribbons for 4th and 5th finishers
- 12 years – Teck medals for top 3 finishers; Teck ribbons for 4th and 5th finishers
- 13 years – Teck medals for top 3 finishers; Teck ribbons for 4th and 5th finishers
- 14 years – Teck medals for top 3 finishers; Teck ribbons for 4th and 5th finishers
- 15 years – Teck medals for top 3 finishers; Teck ribbons for 4th and 5th finishers
- 16-17 years (U18 B/G) – recommended category, host club responsibility
- 18-19 years (U20 M/W) – recommended category, host club responsibility
- 20-29 years (Senior M/W) – optional category, host club responsibility
- Masters M/W categories – optional categories, host club responsibility

NOTES:

All entries in the U8 age category (7 & under) who complete their race will receive a special Teck participant ribbon. At this age, each child should receive the same award, and clubs wishing to provide prizes in addition to these ribbons must ensure each participant in the group receives the same award.

Awards for athletes in all age categories from U18 Boys and Girls through to Masters Men and Women 60+ are the responsibility of the host club.

12. RACE FORMATS AND TECHNIQUE

In each zone there should be a mix of classic and free technique competitions. The host clubs should work this out among themselves.

It is important to achieve the participation benchmarks in the Teck sponsorship agreement with Cross Country BC, so formats that draw the most skiers are preferred – either mass starts, 15 sec interval starts, or individual sprints. However race organizers can also use the team sprint or traditional relay formats if they wish.

Interval start competitions should use 15 second interval starts.

13. AGE CATEGORIES

Link: <https://www.crosscountrybc.ca/sites/default/files/documents/2024-25%20Age%20categories.pdf>

Age categories for skiers U8 to U16 are required, age categories for skiers U18 and U20 are strongly recommended, age categories for skiers U6 or 20 and older are optional.

14. RACE DISTANCES

The distances below reflect Nordiq Canada's LTAD-aligned Competitor Model for **regional level**, developing athletes. A "developing athlete" includes skiers in all age categories Junior M/W and younger. The core notion of the LTAD concept is that we do not treat younger and growing athletes as mini-adults but rather that we recognize the very specific needs of growing skiers from infancy to adulthood, needs that are also gender specific.

The early season races (January) should be at the shorter end of the range provided below. Longer distances should be used towards the end of the season (March). February races should be somewhere in between, and not the max distance for a given age category.

The following distances are guidelines only. Factors to consider also include what is available, course difficulty, temperature, whether or not the competition is being used as a trial race, etc.

Interval & Mass Starts – Males/Females

U6:	4 – 5	0.3 km
U8:	6 – 7	0.5 km to 1.0 km
U10:	8 – 9	1.0 km to 2.0 km
U12:	10 - 11	1.5 km to 3.0 km
U14:	12 - 13	3.0 km to 5.0 km
U16:	14 - 15	5.0 km to 7.5 km
U18:	16 – 17	5.0 km to 10 km
U20 :	18 – 19	5.0 km to 10 km
Senior M:	20 – 29	5.0 km to 10 km
Masters M:	30 – 60+	5.0 km to 10 km

Sprints – Males/Females

U8:	7 & under	100-200 meters (skills)
U10:	8 – 9	100-200 meters (skills)
U12:	10 - 11	200-300 meters (skills)
U14:	12 - 13	300-400 meters
U16:	14 - 15	400-800 meters
U18:	16 – 17	600-1000 meters
U20:	18 – 19	600-1000 meters
Senior M:	20 - 29	600-1000 meters
Masters M:	30 – 60+	600-1000 meters

15. REGISTRATION FEES

Event organizers are encouraged to keep their entry fees as low as possible and, if the ski area does not belong to the club, to arrange for free or low cost trail access for athletes, coaches and parents.

16. CLUB AGGREGATE AWARD

Club points are accumulated from race to race and a club aggregate is awarded to the club with the most points at the end of the final race.

Points for the Club Aggregate will be awarded in each class as follows:

- For Interval or Mass Start races, points are earned for results / participation in an age category (not year of birth)
 - 1st place = 7 points
 - 2nd place = 6 points
 - 3rd place = 5 points
 - 4th place = 4 points

- 5th place = 3 points
- Participation (successful completion of the designated competition course) = 2 points
- If there are less than five competitors in a category, the points will still begin at 7 points for 1st place, 6 points for 2nd place, etc.
- Points are calculated for individuals representing CCBC Northern region clubs only. If out-of-zone individuals finish in the top five positions, skip to the next individual from the coast.
- For Team Sprints, the following points are earned for results in an age category by official teams:
 - Points for 1st place = 11 points
 - 2nd place = 9 points
 - 3rd place = 7 points
 - 4th place = 6 points
 - 5th place = 5 points
 - Participation (successful completion of the designated competition course by unofficial teams and the remaining official teams) = 4 points
- For 3-leg Traditional Relays, the following points are earned for results in an age category by official teams
 - Points for 1st place = 15 points
 - 2nd place = 13 points
 - 3rd place = 11 points
 - 4th place = 9 points
 - 5th place = 7 points
 - Participation (successful completion of the designated competition course by unofficial teams and the remaining official teams) = 6 points

Cross Country BC will post the aggregate points earned by participating clubs as they accumulate throughout the season. To view the Club Aggregate Points for the Teck Northern Cup Series visit the Cross Country BC website at: <http://crosscountrybc.ca/teck-regional-cup-series-club-aggregate-awards>

The winner of the Club Aggregate Award will be the club with the most points.

The Club Aggregate Award will be presented immediately after the final race of the season has been completed.

The Club Aggregate Award is the responsibility of Cross County BC.
