Thank you to our wax sponsors for supporting BC's cross country skiers.

Cross Country BC · 2026–27

EVENT SKI PREP PROTOCOL

Cross Country BC | Glide wax application standard | October 2026

Every ski is cleaned with liquid wax remover and metal brushed **before** any glide wax goes on. Approved glide waxes: **Swix DH7B paraffin**, **Red Creek Liquid Purple** and **Vauhti Klaebo Speed Pro Universal (white)**.

Wax	Type	Apply	Finish
Swix DH7B	Paraffin	Crayon, or melt on at 140°C	Fleece, or roto-cork + roto brush; or scrape, brush, polish
Red Creek Liquid Purple	Liquid glide	Dab or brush on, spread over the base	Steel roto brush, then synthetic brush
Vauhti Klaebo Speed Pro Universal (white)	Liquid glide	Dab on	Dry fully, then fleece or synthetic roto brush

1. Clean the skis — required — At least once per ski, before any glide wax

- 1 Apply liquid wax remover to the base and wipe clean.
- 2 Metal brush tip to tail.
- 3 Wipe tip to tail with a clean cloth to remove all contaminants.
- 4 Let the base dry fully before waxing.

2. Swix DH7B paraffin — Choose one of two methods

Option 1: Crayon

- 1 Crayon the wax evenly onto the base.
- 2 Finish one of two ways: **Fleece** it off for a final product, or **roto-cork** it into the base, then remove the excess with a roto brush.

Option 2: Hot wax

- 1 Melt the wax on with the iron set to **140°C**.
- 2 Let the ski cool fully.
- 3 Scrape, brush and polish.

3. Red Creek Liquid Purple — Liquid glide

- 1 Dab or brush the liquid onto the base.
- 2 Spread it over the whole base with a finger, finish cork or polishing cloth.
- 3 Leave it as long as possible to harden.
- 4 Remove with a steel roto brush.
- 5 Polish with a synthetic brush.

4. Vauhti Klaebo Speed Pro Universal (white) — Liquid glide

- 1 Dab the liquid onto the base.
- 2 Wait until it has fully dried.
- 3 Polish with a fleece or a synthetic roto brush.

2026/27 CCBC Competition Wax Sponsor

Frequently Asked Questions

How Do Clubs Access Complimentary Wax?

All Clubs are required to complete a Waxing Survey by **November 1, 2026** to help CCBC plan for equitable distribution of the complimentary wax products. CCBC will review the survey results and plan for equitable distribution of wax at the selected events. **The final distribution plan will be communicated to all Clubs no later than November 30, 2026.** Please complete one survey per club by following this link:

<https://forms.gle/4MTopqSogr3Xhk8v7>

How Do I Order Wax in Advance?

1. Skiwx.ca (Red Creek)

- Skiwx.ca is providing 30 free bottles of the selected wax to be used at Teck BC Cup 1. CCBC will determine the most equitable process for wax distribution based on the results of the club survey. Please watch for these details to come out by November 30. Surplus unopened wax to be returned to Red Creek tent at the conclusion of waxing.
- Clubs may purchase additional wax on site or in advance of the race using the 30% off discount code provided. Use promo code **CCBC_RED_CREEK_VIOLET_LIQUID_30** for 30% off the Red Creek Fluoro-Free Violet All Snow Types Liquid (1C/-20C), 90ml:
<https://skiwx.ca/products/red-creek-fluoro-free-cold-liquid>

2. Swix (Lanctot)

- Lanctot is providing a total of 16 bars of free glide wax to be used at the Teck BC Cup 2 and Teck BC Champs. CCBC will equitably distribute 12 free bars of wax at Teck BC Cup 1 to all race teams and will also reserve 4 bars to be on site at the races as needed.
- Clubs may purchase additional wax in advance of the races using a one time order form that provides 25% off selected Swix and Toko waxes. Clubs must submit a single copy of the provided **order form** (see attached) by January 15, 2027 to their local Swix/Toko dealer.

3. Vauhti

- Vauhti is providing a 30% off discount for the selected wax for the Teck BC Track Attack Champs. CCBC will have some complimentary wax on site at Track Attack Champs to use as needed. Estimated coverage is approximately 40–45 pairs of skis per bottle of wax.
- Clubs should purchase their wax on site or in advance of the race using the 30% off discount. Please **email your wax order** directly to Sergey Meshkov (sergey.meshkov@vauhti.ca) to access your 30% discount on the selected wax.

Will wax sponsors be on site at the races?

The wax sponsor for each event will have a product booth on site at their designated race. They will have products available for purchase and demonstrations, product education, draw prizes, additional wax for purchase, and they can also answer any product specific questions that you have.

How will we ensure Compliance?

Cross Country BC's compliance philosophy is to employ a community minded trust approach.

What if my Club has questions about the Wax Policy?

Cross Country BC will respond to questions once Club surveys are received and the product distribution plan is finalized. Please email any questions to office@crosscountrybc.ca and a response will be provided.
