Subject: Whistler CC Wksp - Hosting a NCCP workshop - November 26-27, 2022

Hi Heidi,

In preparation for your Community Coaching Workshop, I've included several links below for your convenience. Please read through them and feel free to contact me if you have any questions. We have your CC workshop scheduled on **November 26-27** (all day Saturday and Sunday).

Please ensure that all registrants have the appropriate prerequisites to attend this workshop. They must have completed both the CAC & ICC online modules. If they do not know, contact me and I can easily confirm. For new coaches, I have attached a document that will assist them with how to access the online modules and set up an account in the Locker.

Please let me know before **November 17th** how many participants you'll have for this workshop. Nicole Perrin from Kimberley will be facilitating your workshop and can be reached at (250) 231-9155 or the above email address. To keep the workshop registration fees low for our members we also ask the host club to please provide a hospitable billet for our Learning Facilitator for the weekend if she needs it. The pandemic situation has improved significantly so we need to get back to billeting to keep costs down.

I will leave it with the two of you to connect regarding start times and any other items Nicole will require.

Nicole, Heidi can be reached at (778) 998-2517 or the above email address.

Heidi – we use digital materials for this workshop. This will mean that your attendees will need to bring a laptop with them to the workshop. As soon as you know, please send me a list of whom will be attending, along with their email addresses and I will be sending them the digital materials that they can open and download to their computer prior to attending the workshop. In this way, we do not need to rely on WiFi during the workshop.
